Have you ever had a Spray Tan: Y N Booth or Tech?

Do you have any skin (Ingredient) allergies?

(List) _____

What is your skin type: (circle one)

Skin type #1: Fair and ivory skin tone. Red heads and pale blondes.

Typically sensitive to the sun, have freckles, and generally sunburn easily

Skin type #2: Light and medium skin tones. Medium blondes or light to medium brunettes. Usually burn a little in the sun, but are still able to achieve a light tan.

Skin type #3: Medium and dark skin tones. Dark blonde to dark brunette.

Sometimes sunburn, but will turn a medium tan. This skin type will always get a good tan on vacation.

Skin type #4: African American or Hispanic wanting to achieve a more even deeper tone

Are you or could you be pregnant? Y N

If yes have you received permission from your physician? Y N

I assume responsibility for any kind of allergic reaction I may have to this formula. The technician has explained the process and I understand that I am doing this at my own risk.
